

Mobile Banking with Remote Deposit & More

Activate your mobile device today!

To protect your accounts, you will need to activate each mobile device separately. Here's how:

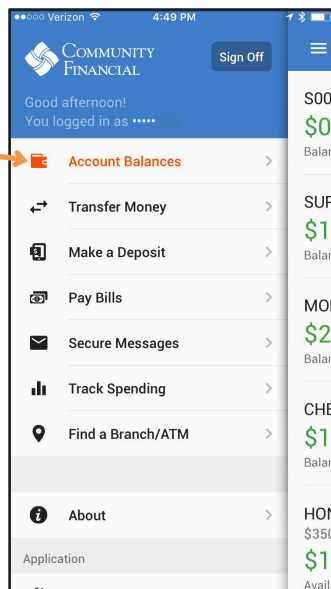

1. **Download the app** that fits your smartphone or tablet. Search "Community Financial" and look for our "pinwheel" logo.
2. Open the app and enter your **eBanking ID and Password**.
3. A one-time, 4-digit access code will be **emailed to the address you have on file within eBanking**. You will have 48 hours to authenticate your device before the code becomes invalid.
4. Once you retrieve the emailed access code you will **need to enter it in when prompted at login**.
5. Once you have successfully entered the app, **exit it and re-enter your password**. You should be good to go! Please note if you delete cookies off your device, you will need to re-register your phone.

Our Mobile Banking app allows you to:

- **Deposit Checks** with your phone's camera
- **Check Balances** and pending transactions including credit card transactions
- **Make Transfers** between your credit union accounts or another member's accounts
- **Pay Bills** to companies or individuals from your checking
- **Map Locations** to our nearest branch or surcharge-free ATM
- **Send Secure Messages** to our Call Center
- **See Graphs** that help you track spending

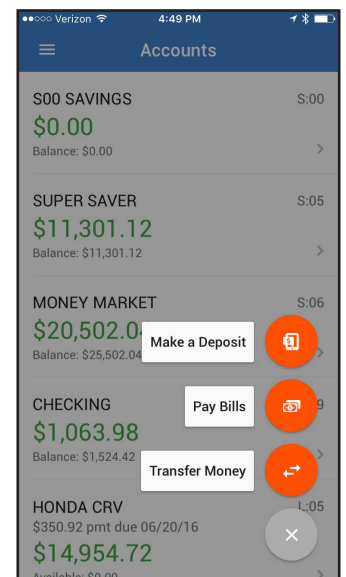

Login Screen & Menu

Our app takes advantage of features like **Touch ID & Hamburger Menus**.

Floating menus give users access to logical tools like **remote deposit capture, bill pay, and transfers**.
