

## Community Financial's eBanking Service works with Internet Explorer 9 and above

Here is how to determine what version of Internet Explorer browser you are using:

Click on the **Help** drop-down menu at the top next to Tools, then go down and click **"About Internet Explorer"**

If you do not have the drop-down menus, use the screenshot below to find your version. Click on the gear icon in the upper-right corner next to the star icon, then go down and click **"About Internet Explorer"**

**Internet Explorer versions 9, 10, & 11 are OK.**

Effective June 2014, Internet Explorer 8 (IE8) will no longer be supported. The eBanking site will still work with IE8, but you may have issues with the look or functionality. Also, our vendor will no longer support this older version. If you have IE8 and cannot upgrade, we recommend using an alternate browser like Firefox or Chrome.

**Download Mozilla Firefox** – [www.mozilla.org/en-US/firefox/new](http://www.mozilla.org/en-US/firefox/new)

**Download Google Chrome** – [www.google.com/chrome](http://www.google.com/chrome)
