

Mobile Banking with Remote Deposit & More

Activate your mobile device today!

1. **Download the app** that fits your smartphone or tablet. Search “Community Financial” and look for our “pinwheel” logo.
2. Open the app and enter your **eBanking ID and Password**.
3. A one-time, 4-digit access code will be **emailed to the address you have on file with eBanking**. You will have 48 hours to authenticate your device before the code becomes invalid.
4. Once you retrieve the emailed access code you will **need to enter it in when prompted at login**.
5. After you have successfully entered the app, **exit and re-enter your password**. You should be good to go! Please note, if you delete cookies off your device, you will need to re-register your phone.

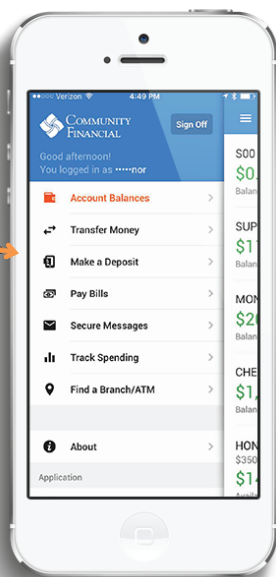

To protect your accounts, you will need to repeat this activation process for each device using our app.

Our Mobile Banking app allows you to:

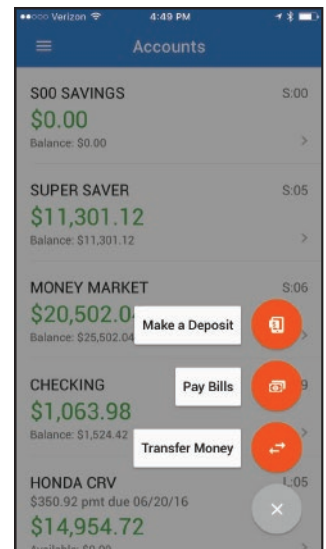

- **Deposit Checks** with your phone’s camera
