

Sharing *Those Shoes*...

A **need** is something we *must* have in order to live. We have four basic **needs**: food, shelter, water, and clothing (including shoes). In the book *Those Shoes*, by: Maribeth Boelts, the narrator shared his favorite shoes with a friend who needed them, even though it was tough to do so.

Think of a time you shared something with someone, or think about a time when someone shared something with you. How did it make you feel? Was the item shared a basic need, such as food or clothing?
